INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the latest edition of the South Bend City Directory.

Confidence in the continued growth of the South Bend's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting South Bend to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the South Bend Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like South Bend, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of South Bend and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of South Bend.

The South Bend Directory Library

Through the courtesy of the publishers of the South Bend City Directory, a Directory Library is maintained in the offices of the South Bend-Mishawaka Area Chamber of Commerce, Inc., 320 W. Jefferson Blvd., South Bend, for free reference by the general public. This is one of more than over 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

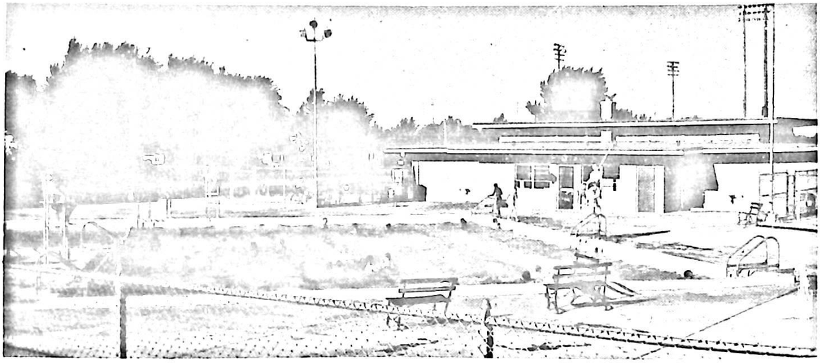
Recreation-Activities available in the immediate area, include parks, playgrounds, zoos, including Storyland Zoo for children; golf courses, swimming, tennis, country clubs, fishing, boating, movies, roller skating and ice-skating. Aquatic sports and deer-hunting are available within a few hours from South Bend.

Education—The South Bend area is served by a modern public and parochial school system, as well as several private schools. Adult educational facilities meet virtually every need. Industrial and vocational courses are available to meet the requirements of the individual and to help local businessmen train additional workers. The University of Notre Dame and Saint Mary's College are located just to the north of South Bend. The Indiana University of South Bend offers degrees in the field of Elementary Education and business plus non credit courses. Bethel College adds to the area's educational strength and the College of Commerce is noted for its business training programs. Indiana's first Regional Vocational Technical Institute in 1968 also began operations at South Bend. The Institute will provide secondary vocational and post-high school technical training and will serve four counties. Holy Cross Jr College is a two year, non-terminal liberal arts college, which was opened in the fall of 1966.

Libraries—A new South Bend Public Library has a business and industrial department, 4 branches and 2 bookmobiles, besides the main library, with 251,783 books. In addition, there are 997,500 volumes in the local college and university libraries.

Public Safety—The fire and police departments are supplied with modern equipment and are adequately staffed.



Sanitation and Water—South Bend has a new sewage-treatment plant. All of the city's waste passes through this plant and is discharged into the St. Joseph River as water relatively free of impurities. Although South Bend is abundantly supplied with pure underground water, the river can be considered a potential source of water should it ever be required.

History and Development

South Bend and environs occupy land which was the scene of dramatic events in the romantic history of America's earliest westward expansion. Here, in December 1679, the intrepid French explorer, Robert Rene Cavalier Sieur de la Salle landed his party on the banks of the St. Joseph River. He made

Children's Potawatomi Park Pool

Bendix Park Pool

Erskine Park Golf Course

that perilous journey by water up the St. Lawrence, through the Great Lakes, by portage across the divide into tributaries of the "Father of Waters," the Mississippi. LaSalle's portage across the divide in 1679 took him across what is now Riverview Cemetery, through the kingdom of the Miami Indians to the Kankakee River.

Two years later, on this same site under the spreading branches of a great oak tree, LaSalle held his history-making council with the Indian Chiefs, leading to the Miami treaties, Council Oak, a grizzled veteran of those centuries, still stands in Highland Cemetery, a magnificient mememto to days of courage and adventure. These interesting and romantic sites are appropriately marked by monument and bronze tablet.

In 1823, nearly a century and a half later, Alexis Coquillard founded a fur trading post on the banks of the St. Joseph. This development, a short distance south of the LaSalle portage landing, was to become the modern metropolis of South Bend. At that time, this was still Indian territory, although Pierre Navarre, the first white settler, had arrived three years before. His cabin stood on the north side of the river, near what is now the Michigan Street bridge. The name of the settlement was originally Big St. Joseph Station. This was reduced to St. Joseph in 1827 and renamed Southold two years later. The final change came in 1830 when the post office department officially designated the settlement as South Bend as fitting its site on the south bend of the picturesque St. Joseph River.

In 1842, Very Rev. Edward Sorin, C.S.C. and six Catholic brothers, held a council with the Indians after which was established the University of Notre Dame. In 1844 the Mother House of the Sisters of the Holy Cross and St. Mary's college was opened at Bertrand, Michigan. In 1855 both establishments were moved to what is now Notre Dame, Indiana, just opposite the University of Notre Dame.

Today Saint Mary's College is one of the nation's leading schools for young women, and the Saint Mary's Convent is known the world over.

Mayors-Incorporated as a city in 1865, South Bend has been governed by 25 mayors:

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

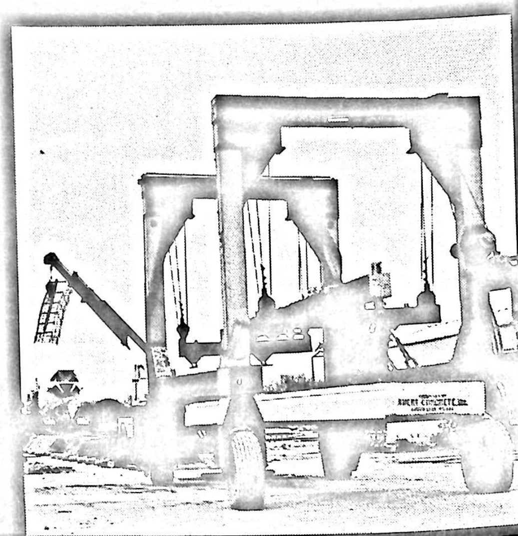
Mr. Citizen!..........

Correct Information Is Valuable to You!

¶Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

Ever wonder who Bethel College is?

We were founded as a coed liberal arts college in 1947. Since that time, well over 3,000 students have enrolled at Bethel, and most live in the South Bend-Mishawaka area now.



The majority of our graduates become public school teachers, and many of them are now teaching in northern Indiana. But we're not a teacher's college. With the goal of significantly contributing to the development of the liberally educated Christian man, we offer liberal arts programs, including business administration, social science, pre-medical curriculums, and a variety of other courses to prepare students for most any vocation. During an average semester, you'll find about 500 students at Bethel, with about 300 coming from Indiana.

Bethel has been a vital part of this community for over 24 years. We think we're doing something that counts. If you agree, and wish to help us, write or call Mr. Lloyd Frantz, director of estate planning and deferred giving. You'll be surprised at the number of ways you can contribute to this community by helping us.

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
